

# DESIGN A CUPCAKE

Use whatever you have to hand – from pens and pencils to glitter and stickers – to make your cupcake extra special.

Stuck for ideas? Trying designing a cake for your favourite person, cartoon character or superhero. What type of sponge, icing and topping would they like best?

## Notes for grown-ups:

- 1.) Use these sheets to keep little ones happy on the day. (Don't forget the crayons...)
- 2.) Or you could ask your cupcake artists to get creative before The Big Bake and use their designs to add extra family flavour to your cake sale or coffee morning
- 3.) Either way, please share the best of your completed cupcakes at #BigBake
